## TERMS OF SALE.

### **Prices quoted are to the trade only.**

**QUANTITY.**—Twenty-five of one kind will be sold at the 100 rate, 250 at the 1,000 rate. Where less than 25 of one kind are wanted we reserve the right to advance the price.

Orders from new customers must be accompanied by remittance or satisfactory reference.

**CASH DISCOUNTS.**—To customers of approved credit, when payment is made within ten days from the date of the invoice, a discount of two per cent. will be allowed.

All accounts are due and subject to draft in 60 days, unless otherwise agreed upon. We insist on One-Quarter of the amount to accompany the order when shipped C. O. D.

### **Register all Letters containing Cash.**

All orders filled in strict rotation and as soon as stock is ready.

No charge is made for packing.

**NON-WARRANTY.**—While we exercise the utmost care to make every shipment satisfactory and profitable to you and keep stock true to name, we give no warranty, Express or Implied, on same, either as to varieties or product. Where loss occurs through our fault we will take pleasure in correcting it, but cannot be held responsible for damages occurring in transit. **All claims must be made immediately upon receipt of goods. Later claims will not be considered.**

All shipments are carefully packed to arrive in good condition at destination. Our local express is the American, which by the new ruling transfers to all other companies without additional charge. Plants or Cuttings in most cases travel best by express and we invariably ship by express unless instructed otherwise, except on very small orders for Rooted Cuttings which may better be forwarded by Parcel Post. If shipment is made by Parcel Post please add amount sufficient to cover postage and extra packing. On credit orders we charge actual postage.

If shipments forwarded by express are delayed or arrive in damaged condition be sure to have your agent examine the shipment and sign for the extent of the damage and you will have no trouble to collect from the express companies for same. In the past we had advised our customers to notify us of such damage, we doing the collecting from the express companies. We did not have a case when claims were properly presented that the express companies did not cheerfully and promptly settle to full satisfaction. However, we think that the point of destination is the proper place to enter claim, as the evidence is there, and as it has become the general practice with most shippers we ask our customers to enter their own claims, and so when we deliver to a common carrier in good condition we do not guarantee safe arrival.

Cause for complaint from delay or otherwise on our shipments, even the past season, has been less than one per cent., which no doubt is largely due to careful packing and labeling and promptly starting shipments.

I should consider it a favor to be informed just how the stock arrived and to what degree they are satisfactory or otherwise.

Prices given on the newer varieties may be reduced later in the season, where stock and demand will permit.

**QUANTITY.**—Twenty-five of one kind will be sold at the 100 rate, 250 at the 1000 rate. Where less than 25 of one kind are wanted we reserve the right to advance the price accordingly.

By placing your orders early you will receive better service.

For the past thirteen seasons we have made the growing of young chrysanthemum stock a specialty. During this time most of our earliest customers have become regular customers, and our business has increased to the extent of our ability to supply stock. We shall continue to offer only the best and most reliable varieties, and by close personal attention, as in the past, shall endeavor to make every transaction with our customers both pleasant and profitable.

## CHRYSANTHEMUMS

### STANDARD VARIETIES

Listed in order of flowering

#### WHITE

	Rooted	Cuttings		
	100	1000		
<b>Smith's Advance</b> The earliest white. Can be had from August on. According to date of planting and selecting bud.	\$2.25	\$20.00		
<b>Early Frost</b> A very early commercial white. A cross between Golden Glow and October Frost. Height 3 feet. Pure white flowers, perfect in form and full to the center. Has the Golden Glow habit to set early buds. It is an excellent shipper and one that will keep well.	\$2.50	\$20.00		
<b>October Frost</b> Large incurved. Should be planted early and bud secured about Aug. 10th to mature Oct. 5th.	\$2.25	\$20.00		
<b>Polly Rose</b> Pure white. Large flowers. Dwarf habit. Oct. 5th.	\$2.25	\$20.00		
<b>Oconto</b> A strong grower with a sturdy stem and beautiful foliage and large incurved flower maturing Oct. 15th.	\$2.50	\$22.50		
<b>Oct. Queen</b> (Smith 1916.) Pure white, large size, maturing Oct. 15th to 20th. Fine stem and foliage (most valuable to the grower who retails his own flowers.)	\$2.50	\$22.50		
<b>Crystal Gem</b> Early white to follow Oconto, maturing October 12th to the 25th. Strong grower and easy to manage, giving a high percentage of perfect blooms. Bud Aug. 15th.	\$2.25	\$20.00		
<b>Early Snow</b> An improvement on Polly Rose, but about 15 days later.	\$2.25	\$20.00		
<b>White Shaw</b> A most beautiful white always, and a perfect stem. Oct. 20th.	\$2.25	\$20.00		
<b>Smith's Imperial</b> This may be called an improved Naomah. coming in right after Oconto. A strong grower with dark glossy foliage extending up to the bloom. Short jointed rigid stem. Dwarf habit. Will produce 3 or more perfect flowers to plant if planted early. Good from any bud after Aug. 25th.	\$2.50	\$22.50		

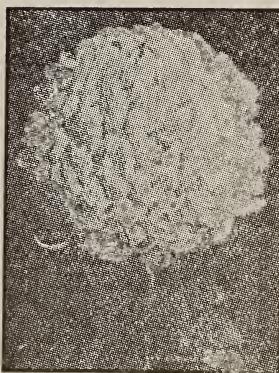

For 2 1-4 inch Pot Plants add \$1.50 per 100 Extra.

**Rooted Cuttings**  
100 1000

**Alice Day** An ideal commercial variety, blooming Oct. 10th to 20th. A pure white incurved with perfect stem and foliage which permits close planting and comes good from any bud. \$2.50 \$22.50

**Smith's Ideal** A medium sized white; perfect incurved form and of good substance. A very desirable variety, coming in about Nov. 1st. \$2.50 \$22.50

**Alice Byron** Best mid-season pure white. A general favorite and grown in quantity by commercial growers. \$2.50 \$22.50

**Josephine Foley**

**White Ivory** The old favorite, still largely grown. Medium size, 2½ ft.

**Josephine Foley** On the order of Naomah, but better in stem, foliage and flower. Pure white in color. It follows Alice Day and precedes Chas. Razer in flowering. One of the best of the new Chrysanthemums.

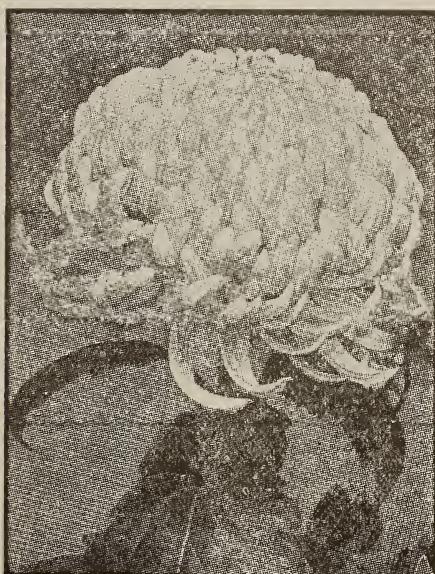

\$2.25 \$20.00

\$2.50 \$22.50

**Chas. Razer** The most reliable white for early Nov. Bonnaffan in form, but larger. Grand stem and foliage. Very easy doer.

\$2.50 \$22.50

**Liberty Bond** (see page 9).

**White Chieftain**

**White Chieftain** A sport from that well known variety. On first crown buds it shows a tinge of pink, later buds come pure white. Matures about Nov. 1st. Bud Aug. 30th.

\$2.50 \$22.50

**White Sensation** A clear white sport of Smith's Pink Sensation, is in all other respects same as its parent, if anything of healthier growth and a better substance to the flower.

\$2.25 \$20.00

**Wm. Turner** Pure white bloom, incurved and very large. One of the finest of the large-

flowered Chrysanthemums and a general favorite. Also the greatest favorite for exhibition.

\$3.00 \$30.00

For 2 1-4 inch Pot Plants add \$1.50 per 100 Extra,

		<b>Rooted Cuttings</b>	
		100	1000
<b>Naomah</b> (Introduced 1910.) Its pure white, perfect incurved blossoms and fine stem and foliage give it first place among the commercial whites.		\$2.50	\$22.50
<b>Timothy Eaton</b> The standard of excellence of commercial as well as exhibition varieties. Best bud about Sept. 10th.		\$2.50	\$22.50
<b>Autocrat</b> A good pure white variety, inclined to be semi-dwarf. In stem and foliage it is satisfactory but needs early planting to get length of stem. The blooms mature Nov. 10th to 15th, just preceding W. H. Chadwick.		\$2.50	\$22.50
<b>White Bonaffan</b> An excellent pure white incurved. Perfect stem.		\$2.50	\$22.50
<b>W. H. Chadwick</b> The Standard late fancy white, slightly tinted with pink. For Thanksgiving and later.		\$3.50	\$30.00
<b>White Helen Frick</b> Sport of Helen Frick. Pure white. Very late.		\$2.50	\$22.50
<b>Improved Chadwick</b> The pure white sport of the well known W. H. Chadwick.		\$3.50	\$30.00
<b>Late Wannamaker</b> A sport of the old favorite, Minnie Wannamaker. Petals a trifle heavier with a more creamy tint. From late plantings of this variety we are cutting perfect blooms all through December and January. It shows no tendency to going blind.		\$2.50	\$22.50
<b>Hamburg Late White</b> The clear snow white sport of Maude Dean. Habit and growth same as Maud Dean, but blossoms somewhat later. A valuable addition in late whites.		\$2.50	\$22.50
<b>Jennie Nonin</b> The latest white. Large blooms of excellent form and substance. Grown in quantity by everyone. Best bud after Oct. 5th.		\$2.50	\$22.50
<b>Mistletoe</b> One of the latest, incurved, blush white. Not ready to cut until December.		\$2.50	\$22.50
On account of the scarcity of flowers, especially felt after the chrysanthemums had mostly disappeared from the market late chrysanthemums had proved exceedingly valuable (this induced us to add this variety to our list.) Similar conditions might well be anticipated and provided for.			
<b>For 2 1-4 inch Pot Plants add \$1.50 per 100 Extra.</b>			
<b>STANDARD VARIETIES</b>			
	<b>PINK</b>		
<b>Unaka</b> A fine incurved broad petaled bloom. A pleasing shade of pink. Maturing first week in Oct. Four feet. Best bud Aug. 5th to 10th. This variety must be planted early if expected to do its best.		\$2.50	\$22.50
<b>Glory of the Pacific</b> Fine early pink dwarf grower. Best bud around Aug. 20th. The standby early pink especially where head room is limited.		\$2.25	\$20.00

**Rooted Cuttings**  
100 1000

**Pacific Supreme**

double from all buds this date and after.

\$2.50 \$22.50

**Pacific Supreme** Similar to Glory of the Pacific, but a taller grower; slightly brighter in color; good stem; best bud Aug. 20th. Matures Oct. 15th to 20th.

**Early Rose** A seedling from Smith's Advance. Rose color, as the name implies, of a bright pleasing shade under all conditions of light. Form incurved, size six inches. Stem and foliage excellent. Dwarf habit  $2\frac{1}{2}$  to 3 ft. high. Best bud Aug. 20th or later producing fully matured flowers in six weeks and

\$2.50 \$22.50

**Yondota** A beautiful shade of rosy pink, entirely free from the objectionable magenta shade so often found in pink chrysanthemums. Excellent stem and foliage. Height 4 to 5 ft. from early planting. Best from bud selected around Aug. 25th, from which it matures about Oct. 25th. Later buds are inclined to show center.

\$2.50 \$22.50

**Helen Lee** A mid season variety of very delicate flesh or light Enchantress carnation color which every lover of flowers so much admires. Very perfect incurved bloom, good stem and foliage. Height 4 ft. Select bud last of August.

\$2.50 \$22.50

**Nerissa** Owing to its enormous size, fine form and finish, is conceded to be one of the best exhibition as well as commercial sorts. Color, rosy-mauve. Strong, upright growth with rigid stem. Also well adapted for specimen plants. Dwarf.

\$2.50 \$22.50

**Mrs. W. T. McNeice** Rosy lilac reflexed form, excellent upright growth.

\$2.50 \$22.50

**J. K. Shaw** A most beautiful shade of light lavender pink. Excellent form, stem and foliage. Easy doer.

\$2.50 \$22.50

**Pink Gem** Form and habit similar to Shaw, but more vigorous. Pleasing shade of light pink; ideal stem and foliage; wonderful substance. Best bud Sept. 1st. Height 3-4 foot.

\$2.50 \$22.50

**Pink Ivory** A pleasing pink sport of the well known Ivory.

\$2.25 \$20.00

**Chieftain** Deep, clear pink, incurved. In type on the order of Major Bonnafan. Very fine mid-season pink.

\$2.50 \$22.50

**Dr. Enguehard** One of the very best commercials; also a prize winner on the exhibition table.

\$2.50 \$22.50

For 2 1-4 inch Pot Plants add \$1.50 per 100 Extra.

Rooted Cuttings	
100	1000

**Maud Dean** A late mid-season variety. As popular as Enguehard with the commercial growers. An incurved light pink, with fine stem and foliage. Sep. buds for Nov. blooms. \$2.50 \$22.50

**Patty** Follows Maud Dean. Is at its best for Thanksgiving. Excellent habits and foliage, with an excellent bloom of a most pleasing shade of pink, making it one of the very best commercial varieties. \$2.50 \$22.50

**Pink Frick** This is one of the best late pink varieties in existence. Deep pink; medium size; excellent stem; general favorite. \$2.50 \$22.50

**Late Pink Ivory** A sport from Ivory which originated with Mr. Carl Peterson many years ago and who values it highly. It being of the Ivory habit to produce a good salable flower, somewhat larger than Ivory and more in form like Maud Dean; the color being several shades deeper than Pink Ivory. Comes to bloom in December, lasting way into January. The individual flowers keeping in good condition longer than any other chrysanthemums we know of. Good from any bud September or later. Height, 2 to 3 ft. \$2.50 \$22.50

**Edwin Seidewitz.**

**Edwin Seidewitz** One of the very best late pinks, a shade lighter than Enguehard, it being inclined to grow tall and never showing tendency of going blind, late planting June 15th or later is to be recommended. This is an exceedingly valuable variety.

\$2.50 \$22.50

**W. R. Brock** A lovely shade of pink that has no bad tones, perfect stem and fine foliage up to the flower. A strong sturdy grower, but slow propagator. For Thanksgiving or later.

\$3.00 \$30.00

**Chadwick Supreme** The now well known pink sport of the variety W. H. Chadwick. Largely planted to supply the fancy blooms demanded for Thanksgiving and Christmas trade.

\$3.50 \$30.00

For 2 1-4 inch Pot Plants add \$1.50 per 100 Extra.

## STANDARD VARIETIES

### YELLOW

**Rooted Cuttings**  
100 1000

**Golden Glow**

**Golden Glow** Bright yellow, good stem and foliage. Flowers may be had from Aug. 15th to the end of Oct. if planted in succession and first bud secured. The earliest yellow.

\$2.50 \$22.50

**Yellow Polly Rose** Clear yellow sport of Polly Rose. Valuable where head room is limited and an early yellow desired.

\$2.25 \$20.00

**Golden Queen** A commercial yellow, same shade as Golden Glow, maturing early in Oct. In many ways superior to Chrysolora (from which it is a seedling,) is 10 days earlier, fine incurved form and fully double from either early or late buds. 6 inches in diameter, 3½ feet high, good stem and foliage.

\$2.25 \$20.00

Best bud Aug. 10th.

\$2.25 \$20.00

**Comeleta** An excellent clear yellow, maturing Oct. 15th.

\$2.25 \$20.00

**Chrysolora** Best described as early Col. D. Appleton, is of large size, stronger stem not quite as tall. Best buds selected Aug. 1st to 15. Matures Oct. 15. This variety is steadily gaining favor.

\$2.50 \$22.50

**Mrs. C. C. Pollworth** A sport from Chrysolora, decidedly more incurved and slightly deeper in color.

\$3.00 \$25.00

**Tiger** A seedling from Chrysolora, being several shades darker than its parent. Fine, incurved form, producing flowers double to the center from September buds; sturdy, semi-dwarf growth, with beautiful foliage and very rigid stem. Height about 4 feet from June 1st plantings. Best bud Sept. 5th.

\$2.50 \$22.50

**Rob. Halliday** This variety is still grown in quantity by many and is an excel-

For 2 1-4 inch Pot Plants add \$1.50 per 100 Extra.

**Single Bloom Mrs. C. C. Pollworth.**

Rooted Cuttings	
100	1000

lent commercial variety, having large incurved blooms, good habit. \$2.50 \$22.50

**Golden Gleam** Bright golden yellow in color. Should be cut just before being fully matured, to be at its best. A strong, heavy grower. Flowers ready to cut Oct. 20. It is one of the best varieties for pot culture. \$2.50 \$22.50

**Marigold** Is the most phenomenal yellow ever offered. Brighter in color than Golden Wedding, equal to that of Golden Age or Golden Robin, fully up to exhibition size, 9 inches in diameter. Maturing Oct. 15th, stem and foliage perfect. Height 5 ft. from early May planting. Buds secured from Aug. 20th to 25th give best blooms. \$2.50 \$22.50

**Ramapo** A deep golden yellow. Large finely formed flowers. Habit of growth, excellent. One of the finest produced for the commercial grower. Flowers come perfect from any bud after Aug. 20th. \$2.50 \$22.50

**October Herold** An orange yellow of a very pleasing shade; reflex form, with twisted petals. Best blooms from buds selected Aug. 25th. \$2.50 \$22.50

**Yellow William Turner** The yellow sport sent out by Smith is the variety we offer. It was selected by us from the many sports of Wm. Turner as being the brightest yellow. It is an excellent variety and will rank as one of the finest for exhibition use. \$3.00 \$30.00

**Yellow Ivory** A bright clear yellow sport of Ivory. \$2.25 \$20.00

**Golden Razer** The beautiful light yellow sport of Chas. Razer. Easily the best and most reliable in its color. \$2.50 \$22.50

**Midnight Sun** (see page 9).

**Major Bonnaffan** This variety is the standard for Commercials and still the most widely grown mid-season. A fine yellow incurved, perfect in form and habit. Can be had from early Sept. buds by last week in Oct. and from later buds for Thanksgiving. \$2.25 \$20.00

**Improved Bonnaffan** This sport of the Major Bonnaffan is as its name implies, an improvement on that variety in that it is much larger in size, more robust in growth, and also as we have found it, it will produce from late planting as great a percentage of well finished blooms as any variety. \$2.50 \$22.50

For 2 1/4 inch Pot Plants add \$1.50 per 100 Extra.

**Rooted Cuttings**  
100 1000

<b>Odessa</b>	Late mid-season variety, maturing Nov. 10th to 15th. Bright yellow seedling from Merza, but much freer in growth. Incurved form. Five feet. Best bud Sept. 5th. One of the largest yellows we have and one of the best exhibition varieties.	\$2.50	\$22.50
<b>Nakota</b>	Owing to its large size, it takes first place among exhibition kinds. Color, orange-buff. From last of August buds, petals assume a whorl form. A vigorous grower with perfect stem and foliage, coming in Nov. 1st.	\$2.50	\$22.50
<b>Yellow Eaton</b>	A large well formed incurved. Sport from Tim Eaton. For commercial or exhibition use.	\$2.50	\$22.50
<b>Mrs. M. R. Morgan</b>	Golden Sport of Yellow Eaton. The deepest Golden Sport of that variety.	\$2.50	\$22.50
<b>Roman Gold</b>	In this we have a variety that leaves little to be desired. Habit, form, foliage and stem are excellent. Color is a rich golden yellow that will keep its brightness and freshness as long as any variety, later buds showing bronze tints, which even add to their beauty. By planting in succession we have cut fine blooms of this variety from end of October to Christmas. Best bud, end of August to early September.	\$2.50	\$22.50
<b>Nagoya</b>	A good late deep yellow for Thanksgiving and later.	\$2.50	\$22.50
<b>Golden Chadwick</b>	When high-class blooms are the object this variety reigns supreme. Its rich yellow color, combined with the good characteristics of the Chadwicks places it as one of the best late yellow varieties. Late plantings produce superior flowers from Thanksgiving to Christmas.	\$3.50	\$30.00
<b>Improved Golden Chadwick</b>	This variety has originated in the West. It is identical with the parent in most respects, but it is a deeper golden yellow and the blooms come more even in size.	\$3.50	\$30.00
<b>December Queen</b>	Latest large yellow; maturing from Nov. 25th to Dec. 10th. Of unusual size, considering its lateness.	\$3.50	\$30.00

## RED

<b>Pocket Crimson</b>	Crimson with a gold reverse. Large incurved blooms, excellent stem with foliage right up to the flower. A slow propagator.	\$3.00	\$30.00
<b>Dick Witterstaetter</b>	A beautiful shade of bright crimson; blooms reflex and show the crimson to best advantage. Should be planted not later than June 15th to secure bud August 25th for best results.	\$3.00	\$25.00
<b>Mrs. D. I. Roy</b>	Medium to large, incurved and fully double flowers. Deep crimson slightly tinged with bronze. Perfect stem and small foliage which permits close planting.	\$3.00	\$25.00

For 2 1-4 inch Pot Plants add \$1.50 per 100 Extra.

	Rooted Cuttings
	100 1000
<b>Harvard</b> Japanese reflexed, very dark crimson; in perfection Nov. 15, and for the closing days of the football season. Best bud Sept. 5th to 10th.	\$2.50 \$22.50
<b>Cullingfordii</b> Medium size flower. Keeps its bright color for remarkably long time. Matures middle of Nov. and later. (The best in this color.)	\$2.50 \$22.50

### BRONZE

<b>Calumet</b> A magnificent color, golden, rosy bronze, like old Source d'Or, and of immense size. Novelty of 1915; take bud Aug. 20th to 30th. The earliest of the bronze.	\$2.50 \$22.50
<b>Barbara Davis</b> A seedling of Brutus and Indian Summer and has the dwarf habit of Brutus. In color it is a rich shade of reddish bronze. In habit of growth it is short-jointed and inclined to be dwarf, but makes good height from early plantings. The flower is reflexed when fully opened and is at its best just before it is fully matured.	\$2.50 \$22.50
<b>Mrs. O. H. Kahn</b> A first-class bronze from almost any bud, but produces the best color from bud taken Aug. 20th or later. Perfect stem and foliage; medium dwarf,	\$2.50 \$22.50
<b>Greystone</b> Golden bronze in color; similar to the preceding, slightly more incurved in form, valuable for pot work and large specimens as well as a large commercial flower.	\$2.50 \$22.50
<b>Indian Summer</b> A sport of Golden Chadwick. A yellow ground with intermixtures of terra cotta, salmon and bronze shades making this an odd flower and especially valuable for artistic work.	\$3.50 \$30.00

### CHOICE COMMERCIAL VARIETIES OF LATER INTRODUCTION

**Betsy Ross** Introduced by E. D. Smith & Co., who say it is the best they have ever produced, which should be sufficient introduction for this variety. A large flower of perfect incurved form, clear white in color, with excellent stem and foliage. Rooted Cuttings, 20c each, \$1.00 per doz., \$7.50 per 100.

**Liberty Bond** (E. D. Smith & Co., 1918.) Described by the introducer as an improved Oconto. This variety it very much resembles the improvement, a deeper and more incurved flower. Best buds are those selected August 30th and later. Rooted Cuttings, 20c each, \$1.00 per dozen, \$7.50 per 100.

**Midnight Sun** (E. D. Smith & Co., 1918.) A deep yellow, similar to Marigold with a more incurved and double flower. Fine stem and foliage. Matures first week in November. Best bud around September 10th. Rooted cuttings, 20c each, \$1.00 per doz., \$7.50 per 100.

For 2 1-4 inch Pot Plants add \$1.50 per 100 Extra.

## POMPONS, WHITE

**Rooted Cuttings**  
100 1000

<b>Elva</b>	The most beautiful of white pompons, pure in color, of full fluffy form; very early; extremely useful to every grower of cut flowers.	\$2.50	\$22.50
<b>Diana</b>	A very fine, pure white variety of large size.	\$2.25	\$20.00
<b>White Lillian Doty</b>	A pure white sport of the well-known variety, Lillian Doty. It has a strong stem and is pure white. The finest white variety of this type.	\$2.50	\$22.50
<b>Mariana</b>	A first-class white pompon, of the later introduction. Similar to Diana on which it is an improvement. It produces an excellent spray and is equally well adapted to disbudding to one flower, being of excellent form never showing center. Ready to cut November 1st.	\$3.00	\$25.00
<b>Mary</b>	Pearl white in color, coming into bloom about November 25th. This variety in the past season came decidedly pink, on the order of Neola.	\$2.50	\$22.50
<b>Lulu</b>	A good white of the button variety. Blooming in the middle of November. Good for pot plants.	\$2.25	\$20.00
<b>Baby Margaret</b>	A white sport of Baby, with flowers a trifle larger and blooming a little earlier.	\$2.25	\$20.00
<b>Nordi</b>	A pure white Pompon maturing Nov. 10th to Thanksgiving. Seven to eight medium sized flowers to the spray, with strong wiry stem. Very productive.	\$2.25	\$20.00
<b>Helen Newberry</b>	Medium-sized flowers of pure white. One of the finest for cut sprays. Very late. This variety is also much admired, grown disbudded, six to a plant.	\$2.25	\$20.00

## PINK

<b>Niza</b>	Delicate shell pink. Very valuable owing to its being the very earliest of its color. Matures Oct. 10th. Medium-sized blooms; dwarf. Makes an excellent spray.	\$3.00	\$25.00
<b>Fairy Queen</b>	Day Break pink in color, with nicely formed flowers of medium size. A very fine mid-season variety for cut sprays.	\$2.25	\$20.00
<b>Leota</b>	Delicate pink, maturing October 20th, and produces large, full sprays; one of the very best; medium size. Dwarf.	\$2.25	\$20.00
<b>Lillian Doty</b>	The finest in all the Pompon family. The plant is a very vigorous grower, producing beautifully formed shell pink flowers on very rigid stems which are unexcelled for artistic or design work, whether grown in its natural sprays or grown to several leads and disbudded to one flower.	\$2.25	\$20.00
<b>Peace</b>	A large full flower on the order of Lillian Doty, flowering about ten days later. It is a delicate pink when first opening, but fades to an almost white.	\$2.25	\$20.00

For 2 1-4 inch Pot Plants add \$1.50 per 100 Extra.

**Rooted Cuttings**  
100 10.00

<b>Delphine Dodge</b>	A very fine free-flowering variety, coming into flower about October 25th and holding well on the plant into early November. It is a rose-pink in color in the early stages of development, changing to a lighter pink as the flower ages.	\$2.50	\$22.50
<b>Neola</b>	Light pink; strong growth with a stem like Quinola; needs very little tying. Large, maturing November 15th to 25th. Dwarf.	\$2.50	\$22.50

**Western Beauty.**  
grower from early planting, coming in about Nov. 20th. \$2.50 \$22.50

**Western Beauty** A fine deep rose pink. Flowers are of medium size produced on straight rigid stems. Growth is medium which adapts this variety for pot culture as well as for cut sprays. Comes in right after Fairy Queen when good pink Pompons are scarce. Middle of Nov. and Thanksgiving.

\$2.50 \$22.50

**Little Gem** The greatest acquisition to the late pink pompons of the button type. its color and form being at once admired by everyone. A tall

\$2.50 \$22.50

## YELLOW

<b>Skibo</b>	The earliest of the yellow pompons of the button type. A golden chamois in color, medium height, good habit, very productive.	\$2.50	\$22.50
<b>Overbrook</b>	Very free flowering; golden yellow; button type, early.	\$2.25	\$20.00
<b>Zora</b>	An early bright yellow, maturing Oct. 15th to 20th.	\$2.50	\$22.50
<b>Klondike</b>	Brilliant yellow, compact blooms of medium size.	\$2.50	\$22.50
<b>Golden West</b>	A trifle larger than Baby, but of similar formation. Rather compact in growth, but an excellent variety for pot plants. When bench grown, will produce excellent sprays for cutting.	\$2.25	\$20.00
<b>Golden Climax</b>	On the order of Quinola, but with foliage that is hard and which will not be subject to mildew. Extra fine variety for commercial cutting.	\$2.25	\$20.00

For 2 1/4 inch Pot Plants add \$1.50 per 100 Extra.

**Rooted Cuttings:**  
100      1000

**Quinola** Clear orange yellow, excellent form and good size.  
One of the best of its color. Late.

\$2.50   \$22.50

**Golden Baby** A general favorite. Clear bright yellow; the smallest button shaped. Very late.

\$2.25   \$20.00

## RED

**Inga** Bright red, maturing Oct. 20th; fine form; medium in size and height.

\$2.50   \$22.50

**Julia Lagravere** A very deep crimson. Best variety of its color. Excellent for cut sprays. Late. A slow propagator.

\$3.00   \$30.00

**Lilla** Deep bronzy red, tall upright growth. Medium size; a free producer; excellent variety for cutting.

\$2.25   \$20.00

## BRONZE

**Frank Wilcox** (Syn. Mrs. Beu and Souv. d'Or.) Golden bronze of special merit to those desiring late Pompons being of dwarf and sturdy growth it makes a fine pot-plant and it is excellent for cutting, being at its best around Thanksgiving.

\$2.50   \$22.50

**Miss Julia** A golden bronze; medium sized button type. Very productive, makes fine sprays.

\$2.25   \$20.00

**Hilda Canning** (1917.) This reddish bronze, button type variety is without exception the best of its color to date. Comes in bloom Nov. 15th and can be had at its best until Thanksgiving. It is attractive in all stages of production and equal to the most productive variety.

\$2.50   \$22.50

**Romaine Warren** Best described as an orange yellow or light bronze It is a clean grower of medium height, making a more artistic spray than Frank Wilcox, carrying the flowers well apart. When finished it shows a dark orange center which adds to its charm. Comes to bloom Nov. 15, and from later plantings can easily be had at its best for Thanksgiving or ever later.

\$2.50   \$22.50

## INTRODUCTIONS OF 1918

**Idolf** (Smith.) Pleasing shade of salmon pink, maturing October 10th. Three feet. Rooted Cuttings, \$1.00 per doz., \$6.00 per 100.

**Edina** (Smith.) An early rose pink, maturing October 15th. Reflex flowers, upright growth, 3½ ft. Rooted Cuttings, \$1.00 per doz., \$6.00 per 100.

**Laneta** (Smith.) Rosy cerise with a tinge of cream at center. Of the true pompon type, ready to cut Oct. 15th. Three feet. Rooted Cuttings, \$1.00 per doz., \$6.00 per 100.

**Connie Dick** This is a clear glowing yellow which may be called a yellow Doty, being identical in all other respects with that variety. Rooted Cuttings, 75c per doz., \$5.00 per 100.

**Lucille Knoble** This bronze yellow button pompon is a most valuable addition to this now so popular type of flowers. Its cheering color combi-

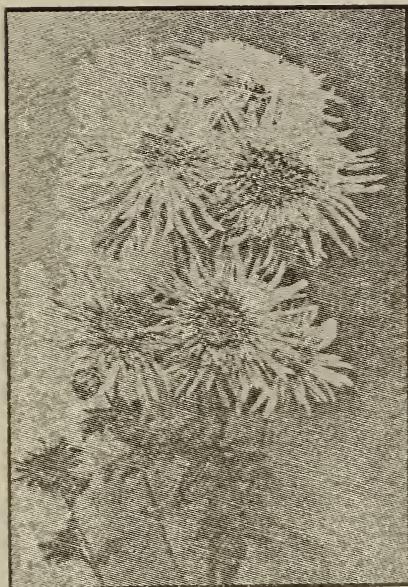

For 2 1-4 inch Pot Plants add \$1.50 per 100 Extra.

nation attracts admiration and its lasting qualities, either on the plants or cut, assures satisfaction to the purchaser. Comes to bloom about November 10th and can be had at its best for Thanksgiving. Rooted Cuttings, 75c per doz., \$5.00 per 100.

### ANEMONE POMPONS

The anemone varieties were very much in demand the past season and sold in the cut flower markets at remunerative prices.

Rooted Cuttings
100      1000

#### Anemone Flowered

- desirable variety. Can be had for Thanksgiving.
- Azelda** A pleasing slight lavender shade of pink, rays and disc florets same shade, except center of cushion, which is cream color, making it a most curious, as well as an artistic flower. \$2.25 \$20.00
- Graf Von Fleming** This is a charming variety; color of a pale lavender, almost white. The petals of this exquisite flower are very narrow and refined; the outer petals are tubular until they reach the edges where they open and droop back. Rooted Cuttings, 60c per doz., \$4.00 per 100.
- Surprise** A brilliant rose pink. One of the largest and very finest in this section. Rooted Cuttings, 60c per doz., \$4.00 per 100.
- Yellow Prince** Maize-yellow with center of brilliant orange-yellow. Fluffy variety, as the tubular petals are loosely arranged in the center, giving the flower a very light and airy appearance. One of the most attractive of the group in color and style of growth. Rooted Cuttings, 50c per doz., \$3.00 per 100.
- The last three named varieties are even more attractive if disbudded to the center bud.

**Garza** The well known white; the best in its class. \$2.50 \$22.50

**Godfrey's Perfection** Resembles Garza, being of the same size and pure white, but having four or five rows of florets instead of one. Matures for Thanksgiving. An excellent shipper, also suitable for pot plants, being of a dwarf habit. \$2.50 \$22.50

**Mary Calladay** The pink anemone; Garza in form. \$2.50 \$22.50

**Yellow Garza** Yellow sport of Garza. \$2.50 \$22.50

**Eugene Langaulet** A deep golden yellow. A very

For 2 1-4 inch Pot Plants add \$1.50 per 100 Extra.

**SINGLE, WHITE**

**Rooted Cuttings**  
100 1000

**R. B. Burge** Of the purest possible white with a bright yellow center. This variety has received the greatest admiration from flower lovers, as well as growers. Especially when disbudded, it has been bringing fancy prices in the New York market.

\$2.50 \$22.50

**Mensa** Pure white; strong grower; medium height. Exceptionally choice variety.

\$2.25 \$20.00

**PINK**

**Mary Pope** Pale pink; large flower; one of the very best

\$2.25 \$20.00

**Mrs. W. E. Buckingham** In color a brilliant shade of rose-pink. One of the finest Singles. Nov. 1.

\$2.25 \$20.00

**Priscilla** Very clear, light rosy pink in color; nearly white. Very strong grower, making large, heavy sprays. Tall and has strong stems.

\$2.25 \$20.00

**Katewood** Has taken sweepstakes at exhibitions. It is a clear even shade of pink, tall and strong in growth. Matures Nov. 10th.

\$2.25 \$20.00

**Elizabeth Firestone**

This very much resembles Katewood in color, form and manner of growth. It is a free producer of well arranged sprays. Follows Katewood by a few days. 75c per doz., \$5.00 per 100.

**Mrs. E. D. Godfrey** A lovely shade of light pink; very strong growing variety; late.

\$2.25 \$20.00

**YELLOW**

**Josephine** Splendid growing yellow, of exceptional merit. The largest single yellow.

\$2.25 \$20.00

**Chas. Kingsley** Golden yellow, perfect shaped flower, and an excellent variety. Coming in with R. B. Burge and Mary Pope.

\$2.25 \$20.00

**Golden Mensa** A bright yellow sport of Mensa which is probably the most widely grown, having sufficient petalage and substance to enable it to be shipped a great distance.

\$2.25 \$20.00

For 2 1-4 inch Pot Plants add \$1.50 per 100 Extra.

**RED**

<b>Rooted Cuttings</b>	
100	1000

<b>Red Riding Hood</b>	Brilliant crimson flowers, coming early in October.	\$2.25	\$20.00
<b>Hilda Wells</b>	Beautiful Tuscan red, with a light yellow tinting at the base of the petals.	\$2.25	\$20.00

**BRONZE**

<b>Miss Isabelle</b>	A charming bronze with a silvery reverse to the petal. In habit, same as E. D. Godfrey of which it is a sport. Comes in for Thanksgiving day and is very useful for table work.	\$2.25	\$20.00
----------------------	---	--------	---------

**HARDY EARLY FLOWERING TYPE****Recommended for Outdoor Flowering**

These are expected to mature their bloom early enough to avoid frost.			
<b>Normandie</b>	Creamy white; magnificent variety. The earliest and perhaps the best.	\$2.25	\$20.00
<b>Eden (Syn. Mignon)</b>	Rosy pink flowers; medium height; excellent for cut sprays.	\$2.25	\$20.00
<b>Carrie (Syn. Gl. of Seven Oaks.)</b>	Deep yellow.	\$2.25	\$20.00
<b>Yellow Normandi</b>	A deep golden yellow sport of Normandi which is ample proof of its value, the parent variety having for years been considered as perhaps the finest of this class. The above named are of the Pompon type of medium dwarf growth.	\$2.25	\$20.00
<b>Maid of Kent</b>	Free flowering white.	\$2.25	\$20.00
<b>Miss F. Collier</b>	Pure waxy white, sturdy dwarf growth.	\$2.25	\$20.00
<b>Model</b>	Dwarf, early white.	\$2.25	\$20.00
<b>Perle Chatillonaise</b>	A very free flowering; cream white.	\$2.25	\$20.00
<b>Cranfordia</b>	Large pure yellow flowers. Tall; rather late.	\$2.50	\$22.50
<b>Sourcee de Or.</b>	A wonderful variety when grown in sprays or as a pot plant. Deep reddish bronze.	\$2.50	\$22.50

**POT PLANT TYPE**

In reply to the many inquiries we get through the season for a list of varieties suitable for pot work. I will venture to name the following:

<b>Caprice White,</b>	\$2.50 per 100; \$20.00 per 1000
<b>Caprice Yellow,</b>	\$2.50 per 100; \$20.00 per 1000
<b>Caprice Deep Lilac,</b>	\$2.50 per 100; \$20.00 per 1000
<b>Butler's Caprice,</b>	\$2.50 per 100; \$20.00 per 1000
<b>Purple Caprice,</b>	\$2.50 per 100; \$20.00 per 1000

All of the Caprice varieties are excellent for pot plants. The varieties of the different types named below on account of their sturdy and dwarf habit of growth are also to be recommended for pot culture.

**WHITE**—Polly Rose, White Shaw, Alice Day, White Ivory, Chas. Razor.

**PINK**—Pink Gem, J. K. Shaw, Mrs. Patty, Early Rose.

**YELLOW**—Yell-Polly Rose, Yell-Ivory, Tiger, Golden Razer, Ramapo.

For 2 1-4 inch Pot Plants add \$1.50 per 100 Extra.

**RED**—Pocket's Crimson, Cullingfordi.

**BRONZE**—Greystone, Barbara Davis.

**ANEMONES**—White Garza, Yellow Garza, Mary Colliday, Mrs. W. E. Buckingham (Pink Single.)

**POMPON VARIETIES**—Elva, Queen of Whites, Lula.

**YELLOW**—Zenotia (early), Golden West (mid-season), Golden Baby (late).

**PINK**—Normandi (early), Niza, Laneta, Western Beauty (late).
